Independence Day, to-morrow, will be ushered in by the arrival in port of the Australia from San Francisco. The coming of the old reliable "inter-urban" ferry-boat is ever a cause of rejoicing. To-morrow she comes on time to witness Hawaii's first Fourth of July celebration as a Territory of the United States. The Australia is expected to bring many Honoluluans home and will also bring five days later mail and news.

**THE SHIP HILSTON.**

A vessel supposed to be overdue and posted as overdue at Port Townsend, the British ship Hilston, Captain E. H. Joslin, and reported universally as seventy days out of Honolulu for the Sound, is as a matter of fact not overdue, is not missing and never sailed for the Sound. She sailed long ago for a nitrate port of Chile and will go from there around Cape Horn for home. She cleared from Honolulu on April 15th for Tocopilla. The captain before sailing had allowed it to be understood that he was going to the Sound in order to hold his crew to unload coal here which was brought from Newcastle. The crew were no doubt surprised when the ship got out to sea to discover that it would be a very long time before they ever saw the Sound and that they were bound for Chile, thence around the Horn.

**COMING TO HONOLULU.**

The following vessels are to arrive here from San Francisco: Schr. Alice Cooke, bark Diamond Head, ship E. I. Sutton, ship E. F. Whitney, schr. Helene, bark Mohican, schr. Mary E. Foster, schr. Rosamond, schr. Robert Lewis, bark St. Katharine, bark S. N. Castle and bark W. H. Dimond.

**THE LATEST FROM NOME.**

SAN FRANCISCO, June 22.—In a letter received from Captain T. P. Colcord, who left here some weeks ago in the steam whaler Thrasher, the first direct news of the season concerning affairs at Nome is received. Under date of June 2d Captain Colcord writes as follows from Nome:

"We reached here in safety last night. The Albion came in yesterday and reported being in company with the Mary R. Hume only the day before. The Hume should be in by this time. The weather here is good and this is a great town, but thousands will go away disappointed. There are many new claims discovered every day but they are being jumped many times, so a man does not really know when he has one. Lots in the city are selling at high prices and everything is dear, but will cheapen later on in the season. Some of the locators are making only \$7 to \$15 on their claims and this may discourage any one who has not a good plant. They have been working by hand only. "The Thrasher is to proceed to Port Clarence with a dozen or so passengers. There is no sickness here, and there has been none during the winter season. There have been only two deaths, and one of these was from gunshot wounds."

The schooner Elk reached Dutch Harbor on June 8th after a fairly smooth passage and is no doubt at Nome by this time.

The steamer Homer is reported to have reached Dutch Harbor on June 14th. The steamer Luella, with the barge Dewey in tow, reached that place on June 2d.

**KILLED ON THE GRANT.**

SAN FRANCISCO, June 21.—John Hillman, second officer of the Army transport Grant, was fatally injured at 8:15 o'clock yesterday morning on board the vessel. He was directing the work of hoisting the steam launch from the bay to the superstructure on the starboard side, on the after part of the Grant. Owing to the vessel's heavy list to port, the launch swung with considerable force when the davits were turned, pinning Hillman against an iron ventilator and fracturing his skull. He had stooped down to see that the launch's keel cleared the davits, and was caught before he could get out of the way.

The launch weighs eight tons, and its entire weight appeared to rest for an instant upon Hillman's head and left shoulder, when the davits swung it in the opposite direction. Hillman fell unconscious to the deck blood pouring from his mouth, nose and ears. He was carried to the hospital department of the ship, and a few minutes later to the Harbor Hospital, where Drs. Bauer and Robinson ascertained that the base of his skull has been fractured. Hillman

lingered for some hours, but died without having recovered consciousness. Hillman was a very popular officer, and had been transferred from the transport Sheridan to the Grant only last Friday, succeeding Second Officer Murray who was transferred to the Thomas. He joined the transport Sheridan at New York on February 19, 1899; and was with the vessel until his transfer to the Grant, making three round trips from here to Manila. He was unmarried, 31 years old and formerly lived in Boston, where he had been master and sailing master of yachts owned by wealthy men. He possessed chief officer's papers. Captain Fraser of the Sheridan speaks in the highest praise of Hillman's ability and character. He was a Royal Arch Mason, being a member of Adelphi chapter in Boston. He leaves a mother and sister in Sweden, and a brother in South Africa. He was also a member of the Masters and Pilots' Association of this city.

**A LOCAL ITEM.**

There are a great many of them. Every paper has its share. Statements hard to believe; harder to prove.

Statements from far-away places. What people say in New York. Public expression from California. Oft times good endorsement there. But of little service here at home. Honolulu people want local proof. The sayings of neighbors, friends and citizens.

Home endorsement counts. It is beyond dispute.

This is the backing that stands behind every box of Doan's Backache Kidney Pills.

Mr. John E. Bush of Punchbowl st., this city, is attached to the Hawaiian interpretation staff at the Supreme Court. He says: "I had kidney trouble, and, acting on the recommendation of a friend, who had tried your invaluable remedy, I got some of Doan's Backache Kidney Pills at Hollister Drug Co.'s store. They were just as beneficial to me as they had been to my friend. It is well the virtues of these pills should be made known, for they really are an excellent medicine for kidney trouble."

This is only one case in hundreds right here in Honolulu—people whom you may know—people whose statements cannot be disputed.

Doan's Backache Kidney Pills are for sale by all dealers. Price 50 cents per box, or sent by mail on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name—DOAN'S—and take no other.

**RETURNED IN CAR.**

Liliuokalani's Locomobile Refuses to Work Its Way Home.

Former Queen Liliuokalani went out in her locomobile yesterday, the first outing of the kind she has enjoyed in Honolulu. She manipulated the levers personally and was attended by a servant. She takes considerable pride in her knowledge of the silent steed.

After visiting Waikiki she made a quick run as far as Paul Neumann's when the power suddenly gave out and the machine came to a stop of its own volition. The loco was left in charge of the servant and the former Queen came to town in a street car, thoroughly enjoying the novelty of the ride.

**THE BEST REMEDY FOR STOMACH AND BOWEL TROUBLES.**

"I have been in the drug business for twenty years, and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family, and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by Benson, Smith & Co., Ltd., wholesale agents.
